

Visu-Slat System C: Directory Board Slats - Modular Interior Signage

Directory Signs

May consist of a single column of slats or several columns and different sizes put together. See next page.

ASSEMBLY: Custom Directories

- Slide the Visu-Slat multi-clips into their channels
- Then fix them to the door or wall, screwing at the extreme top and bottom with intermediate screws not exceeding 20" centers.

VANDAL PROOF DIRECTORY SIGNS

Ready to install kits below. Specify Vandal proof & add 15% to prices. Description p.6.

Visu Slat Directories

Directories are formed by fixing a track of Visu-Slat Multi-Clips to the wall and then clipping Visu-Slat Face Plates to them. The clips should be situated no more than 30" apart and about 2" in from the edges of the Face Plates.

Custom Directories Design your own with:

- Face plates (see p.2)
- End caps (see p.3)
- Channels (see below)
- Multi-clips (see below)

Directory Kits Choose from table below:

- A style that best suits your needs (next page)
- Proper size in table for names needed

LETTERING to your specifications, extra at \$.75 / character installed. Min. 10\$.
