

Magnets for Health

Magnetic Elbow & Knee Health Supports

Our body is under the influence of the earth's magnetic field. Steel-bodied cars, trains or buildings shield the body from the beneficial effects of natural

magnetism. When conducting solids or fluids move across a field, a small electric current is induced. A magnet placed close to a blood vessel, is enough to induce such a current on blood stream, a safe health care & healing method

042001 Elbow Mag. Support\$11.00 /ea.

042002 Knee Mag. Support.....\$14.30 /ea.

→ Specify size: Small, Medium, or Large

Magnetic Acupressure Bracelets

Effective relief of poor circulation, stiffness of shoulders & neck muscles, muscular pain, etc. Strong ferrite magnets stimulate localized nerve endings or "effective spots" by acupressure.

A 08915GG 15mm wide for men (gold) \$23.65

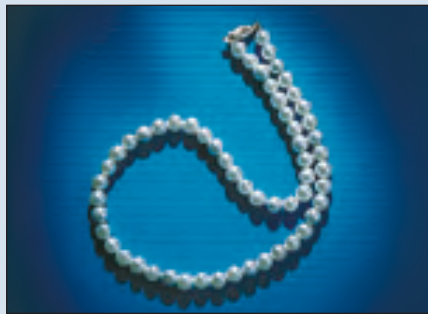

08915SG(stainless steel) \$23.65

08910GL 10mm wide for women...(gold) \$21.75

08910SL (stainless steel) \$21.75

B 08910JDL 10mm wide for women (gold) with opal imitation in (1) White, (2) Red, (3) Blue, (4) Green, (5) Purple, (6) Topaz, (7) Aqua\$27.50

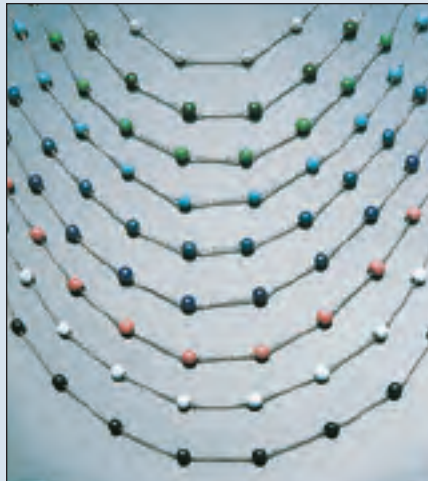

C 08910JFL 10mm wide for women (gold) with diamond cut imitation in (1) Crystal, (3) Red, (4) Blue, (2) Aurora, (5) Green, (6) Purple, (7) Black.\$27.50

Bio-Magnetic Necklaces

Made of 57 beads with pearl-like finish, of which 11 are magnetized. Known to be effective in relieving muscular pain (on neck and shoulders), headaches, insomnia, and general fatigue. Effective in improving blood circulation. Aside from its health benefits, these bio-magnetic necklaces are attractive jewelry items in their own right.

089APDN 17" (57 beads)\$41.25

Magnetic Cloisonné Necklaces

Same health benefits as the Bio-Magnetic necklaces above.

08917AN Women's, 17" silver chain with 10 magnetic cloisonné beads. COLORS: (1) Red, (2) Blue, (3) Black, (4) Green, (5) Lt. Green, (6) Sky Blue, (7) Purple, (8) Orange, (9) Pink.....\$21.75

08923ANG Men's, 23" stainless steel chain with 10 magnetic cloisonné beads. Available in color black only.....\$38.50

- OTHER SIZES on request
- QUANTITY PRICING available

Neodymium Magnets - Nickel Plated
Extremely high energy for size. Use in computer disc drives, microphone assemblies, motors, speakers, etc.

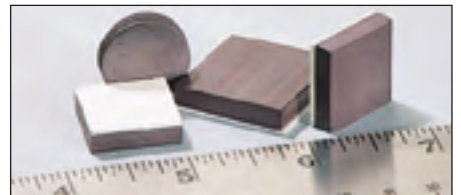

Hold Pwr.	Dia. Thick	Cat. No.	Ea.	/12 ea.

PRECAUTIONS FOR ALL MAGNETS

• Keep magnets a minimum of 15 cm (6") from credit cards, bank cards, computer disks, recording tape, heart pacemakers, navigational compasses & sensitive electronic devices. • Keep magnets coupled when not in use. External magnetic field is much lower in this state. • Ease stress on fingernails: rotate and pull magnets to uncouple.

PRÉCAUTIONS AVEC TOUS LES AIMANTS

• Garder les aimants à une distance minimum de 15 cm (6") des cartes bancaires, des cassettes audio, des disquettes pour ordinateurs, des régulateurs cardiaques, des compas de navigation et tout équipement électronique. • Garder les aimants accouplés lorsqu'ils ne sont pas utilisés afin de minimiser les courants magnétiques. • Afin de minimiser le stress sur vos ongles, tourner en tirant l'aimant pour désaccoupler.
